- 86 Implant-Supported Dentures

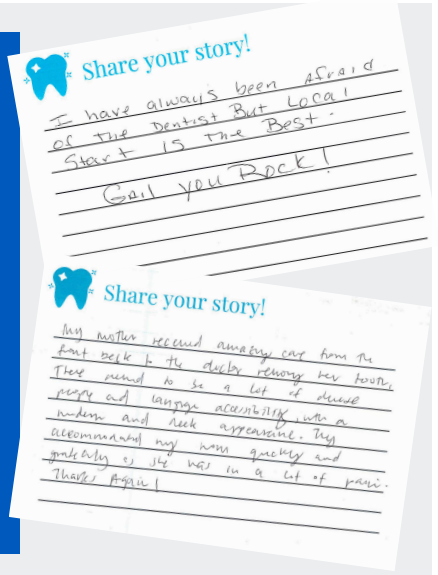

Our Milestones

OUR PATIENTS

“It was hard to get prepared for the process since it's definitely life changing. But my experience at Local Start Dental was so much easier than I thought it would be. This is the most beautiful I've felt in 10 years. It's been a complete change. I feel like I really am beautiful. At the moment, I am working at a rehabilitation treatment center and feel more comfortable [at my job]. As well, my mouth doesn't hurt like it used to and I am now able to feel confident in my ability to care for my oral health. Overall, I've had an excellent experience, and I am excited to start my future with my new smile!”
- Patient K
